
Miniflex antenna

146 ... 174 MHz

- Particularly short and elastic antenna.
- No sharp tips or edges.

Type No. K 51 39 23 5
Ord. No. 510 367

163 – 174 MHz, M connector

Impedance	50 Ω
Maximum load	20W (at 50°C ambient temperature)
Polarization	Vertical
Electr. length	$\lambda/4$
Length	Approx. 160 mm
Material	Whip: Elastic metal helix in particularly resistive plastic cover.
Colour	Black
